

List of Wardens, 1468-2024

The list is complete from 1531 onwards; before that there are gaps as noted below. Spelling of names is not consistent in the early period. The office of Master evolved in the early 1500s; the designation of M (Master), 2, 3 and 4 (Second, Third and Fourth Wardens) reflects the order in which the names appear in our Account books.
